

Shared Insights: Coroners question time

📅 25 June 2024

Join us for our regular Coroners Question Time, and one of our most popular Shared Insights events.

This session will be chaired by Nicola Evans, partner at Browne Jacobson.

We will be joined by an experienced panel of Coroners who will share their insights into the Coronial process. The panel will include:

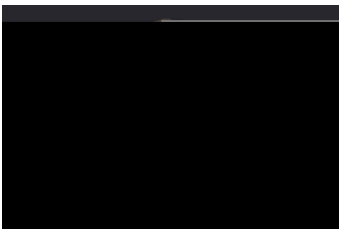

- Mr Zak Golombeck, Area Coroner for Manchester City
- Miss Louise Pinder, Assistant Coroner for Derbyshire
- Mrs Debbie Rookes, Assistant Coroner for Dorset and Avon

There will be plenty of opportunity for delegates to put questions to the panel, to get the Coroners' perspectives on topical issues and for organisations across the health and social care sector to share ideas and examples of best practice when dealing with inquests.
