

Keeping Children Safe in Education 2023 – implementing the key changes

📅 27 June 2023

Along with the usual tweaks, the September 2023 guidance contains two significant changes and no real clarification regarding online searches.

In this on-demand webinar, Dai Durbridge, Partner at Browne Jacobson, talks you through:

The various amendments to filtering and monitoring and what to do now

- What the changes to expectations around 'use of school or colleges premises for non-school/college activities' mean in reality
- How schools, colleges and Trusts have interpreted the 2022 online search requirement and the small tweak to make to comply with the 2023 change
- Your next steps for implementation, policy updates, and staff and governor training.

As a result of watching this on-demand webinar, you will know what changes are required for September and the steps you need to take to implement them.
