

## insurance

Insurers and policyholders have a common interest in ensuring that insured risks are minimised as far as possible, and that when claims do arise they are dealt with proactively and cost effectively to achieve a commercial solution.

- clients - we act for more than 60 insurance clients, over £1 billion of clients' reserves under our stewardship
- strong reputation - for forward thinking and partnership working
- large dedicated team - 22 dedicated partners, 90 lawyers, located in Nottingham, Birmingham and London, 'City' expertise in all our offices
- sector experts - health, local and central government, public sector, banking, professional services, motor, environmental, IT, design and PR agencies
- specialist advice - from professional indemnity, marine and clinical negligence to motor, employers and public liability
- firm expertise in other areas, such as corporate and commercial services - sets us apart from other insurance lawyers
- MI tools - timely and comprehensive management information
- claims innovation - Ogden 6 calculator, cost calculator, Low Velocity Impact Scorecard

**Result:** specialist advice; meeting your KPIs and providing tailored MI to protect your business
