Secure online access to the statutory registers and minute books is provided.

We want to develop long-term partnerships with our clients in order to understand and anticipate their needs and put our knowledge at their disposal.

We provide a cost effective and professional service and charge a fixed annual fee which includes:

- provision of a registered office address (if required)
- maintenance of the statutory registers and minute books
- secure online access to the statutory registers and minute books
- board minutes for yearly approval and signature of accounts as well as notices and minutes of general meetings
- filing of confirmation statements with the Registrar of Companies
