

Back to school – preparing for a potential phased reopening of schools - 18 May 2020

19 May 2020

This webinar took place on 18 May and is now available on-demand.

Schools in England have been closed other than to the children of key workers and children who are classified as vulnerable since 20th March as part of the management of the coronavirus pandemic.

However, the government announced that primary schools in England may be able to begin a phased reopening for pupils in Reception, Year 1 and Year 6 from 1st June at the earliest. Furthermore, the government's stated ambition was for all primary school children to return to school before the summer for a month if feasible.

Our speakers discussed the implications of this development and explore some of the immediate issues' schools were likely to experience. In particular, this webinar focused on the most important considerations around:

- health and safety in school
- staff resourcing and employer obligations
- parental expectations and concerns

The webinar saw the launch of Browne Jacobson's 'Back to School' resource pack.
