

Health and Care Connect: Health Check - February 2025

21 February 2025

Bringing together the latest updates and events to help you keep your finger on the pulse of current health and care issues in the independent sector.

Welcome to Health and Care Connect's latest edition of Health Check, a sector-specific roundup giving you a snapshot of our latest updates, key dates for your diary and noteworthy developments affecting the independent health and care sector.

This edition covers topical issues such as our 2025 health and life science predictions, the new MHRA post-market surveillance guidance, and the announcement of an independent commission to recommend long-term reform for adult social care.

#PositivePurpose: Making a difference across business and society

At Browne Jacobson, our work places us at the forefront of society's biggest issues. We are proud to work with clients who share our values and are making a difference.

#PositivePurpose showcases the inspiring initiatives of these clients and puts the spotlight on their fantastic work. From HealthTech to regeneration, each story we share will be an opportunity to hear directly from our clients about the meaningful work they are doing.

The B2W Group

In this #PositivePurpose Video we collaborated with the Back2Work Group. The Back2Work Group is a business dedicated to equipping individuals with the skills, confidence, and opportunities needed to progress or restart their careers. By addressing skills gaps and connecting untapped talent with employers, the Group are creating lasting benefits for individuals and communities across the country.

#BeingBrowneJacobson

Updates about our specialist health and care team

We were delighted to host the Health and Care Connect Spring event with Virgin Money in Manchester on 12 February. It was an engaging and thought-provoking session with plenty of active audience participation on issues such as funding and the deals landscape, challenges and opportunities for owners/operators, the mid-market landscape and regulatory and CQC issues. Thank you to those who joined us and we look forward to our next event.
