

Monthly insurance policy wording update

The Word, September 2022

11 September 2022

Welcome to September's edition of The Word, a monthly digest of news and views for underwriters and those responsible for policy drafting, brought to you by Browne Jacobson's team of policy wording specialists.

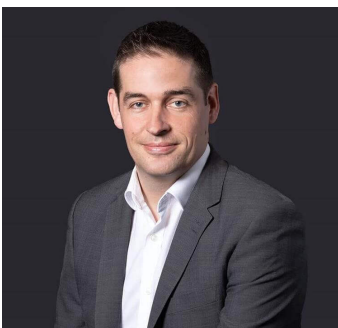

This month's edition covers a wide variety of topics from reinsurance exposures to cladding, climate change litigation and policy readability. I hope you find this edition as interesting and thought-provoking as we did compiling it.
