

Social Mobility Incubator webinar: Collecting data

25 March 2025

This webinar took place on Tuesday 25 March 2025 and is now available on-demand.

In order to see progress, you need to know your baseline. We will use this session to talk about the different types of data which are useful in a social mobility strategy.

We will show you ways to communicate data collection on class with your workforce and what to do with your data when you have got it.

For this on-demand session, we are joined by Dr Claire Tyler from UCL who is an expert on socio-economic data analysis.

Please register to watch the webinar or click "already registered" if you've registered on this platform previously.
