

Banking Transaction Update — May 2024

23 May 2024

Since Q4 last year our banking and finance team have continued deliver a high volume of transactions for a range of funder and borrower clients across a number of sectors.

This transaction update highlights a few of the great deals we have been involved in and we would be delighted to talk through the capabilities of our team and how we can work with you to deliver transactions in the future. Looking forward, we have a strong pipeline for 2024 and there is certainly no shortage of liquidity in the market and the funds are present to deploy.

Below you can download the details of recent deals we've been involved with nationally and our North West focussed transactions.
