

NEC contracts: Key facts

30 April 2025

This webinar took place on Wednesday 30 April 2025 and is now available on-demand.

Please register to watch the webinar or click 'already registered' if you've registered on this platform previously.

This is the first in a series of seminars delivered by the members of the Nuclear Professional Services Group (PSG) all who have direct or transferrable experience of advising owners, contractors and subcontractors in the nuclear industry.

The sessions aim to provide and deliver engaging, relevant and useful knowledge to help businesses and partners through their nuclear journey.

This on-demand webinar focuses on NEC contracts which is a standard form of contract often used in nuclear projects such as Hinkley Point C. It provides an understanding of how the mechanisms under the contract work which are essential to be able to mitigate and manage risk to deliver a successful contract.
