

NEC contracts: Key facts

📍 Online

📅 30 April 2025

This is the first in a series of regular seminars delivered by the members of the [Nuclear Professional Services Group \(PSG\)](#), all who have direct or transferrable experience of advising owners, contractors and subcontractors in the nuclear industry.

The sessions aim to provide and deliver engaging, relevant and useful knowledge to help businesses and partners through their nuclear journey.

Our first seminar focuses on NEC contracts which is a standard form of contract often used in nuclear projects such as Hinkley Point C. It will provide an understanding of how the mechanisms under the contract work which are essential to be able to mitigate and manage risk to deliver a successful contract.
