Zahra joined the firm in March 2022 as a trainee solicitor in our property litigation and corporate real estate team. She has experience in managing her own caseload and building strong rapport with her colleagues and clients. Zahra has now moved into our corporate finance team. She will be looking to enhance her skills gained from her first seat in providing pragmatic and relevant advice to our clients.

Zahra is passionate about diversity and inclusion and is a 'Fairer Access into Real Experience' mentor for students from lower socio-economic and minority backgrounds who are still significantly underrepresented in the legal profession. From a BAME background herself, she likes to encourage and help students to break the barriers into the profession and has taken inspiration from Browne Jacobson's excellent commitment to diversity, inclusion, and wellbeing. She has actively been involved in Browne Jacobson's South Asian Heritage Month internal events.
