Vicki specialises in charity law and governance particularly relating to schools, academies and educational establishments. Vicki particularly advises the Catholic education sector including schools, academies, religious orders and dioceses.

Prior to joining Browne Jacobson, Vicki was employed by the Big Lottery Fund as a grants officer meeting charities, assessing their needs and reporting on their suitability for grants.

This spurred her interest in the charitable sector. She joined the Browne Jacobson charities team in 2006 where she has since worked with new and established national and regional charitable trusts, unincorporated associations and charitable companies.

Vicki is a member of the Charity Law Association and the Archdiocese of Westminster's academies working party.
