Valentina is a senior associate specialising in non-contentious construction matters. She advises developers, main contractors, sub-contractors, consultants, tenants, funders and local authorities on a wide variety of national and international projects.

Her experience includes:

- advising on overarching risk allocation, impact on pricing, and parameters and terms in multi-contract procurement arrangements, and
- providing construction-related advice in respect of property and corporate transactions, developments (commercial and residential), funding agreements and general terms and conditions.

Valentina has got significant client-side experience via a secondment and long-term collaboration with the in-house legal team of Mace Ltd and provide advice to all parts of its business, including the facilities management, fit-out and consultancy arms, and on a range of contracts including JCT, NEC and FIDIC as well as bespoke agreements.

Valentina has a particular interest in data centres. She enjoys the complexity of these projects, which requires an understanding of the changing legal landscape that comes with this rapidly evolving industry and of the technology that powers these facilities.
