Litigation and regulatory enforcement legal specialist Julia joined Browne Jacobson in 2022 to support our public sector clients.

Prior to joining the firm, Julia worked in Cardiff Council's litigation team. While at Cardiff, Julia dealt with all aspects of local authority litigation, including prosecuting, and securing Trading Standards convictions. She therefore has an excellent understanding of the large range of legal matters affecting the public sector, but specifically local authorities.

Julia has extensive experience in Criminal Courts, Civil Courts, the Employment Tribunal and in the High Court dealing with Judicial Review matters.
