

May Bowden

Senior Events Executive

 Nottingham

may.bowden@brownejacobson.com

+44 (0)330 045 2998

May supports the delivery of the firm's events and webinar calendar executing over 200 external, virtual, hybrid and in-person events. Some of May's key projects are the planning and delivery of our Shared Insights programme as well as our prestigious Health & Care Connect conference.

May also plays a significant role working to implement and optimise our digital events, taking a pragmatic and collaborative approach to ensure we always have the client experience at the forefront of our minds. May's time at Browne Jacobson has allowed her to gain a strong understanding of the business' Powerhouse strategy, resulting in successful, objective-driven events being delivered and often work being won for the firm.
